Bachelor of Science in Applied Psychology

&

Bachelor of Science in Early Childhood Studies: B-Age 5

AND

UTICA UNIVERSITY

Master of Science - Students with Disabilities Grade P-12 Program

April 2025

E. Completion of the admissions application for Utica College's Master of Science - Students with Disabilities Grade P-12 Program.

F. Students will provide Utica College with a final transcript listing degree posted and cumulative GPA for the Bachelor of Science in Applied Psychology degree program or Bachelor of Science in Early Childhood Studies: B-Age 5 program.

III. Benefits and Advantages

A. Admission to Utica University's Master of Science - Students with Disabilities P-12 Program graduate degree program, leading to teacher certification, for qualified SUNY Cobleskill students.

Candidates with a base certificate in SWD P-12 are eligible to be recommended for the extension title for "special class teacher" at grade level P-12 once they have successfully completed 12 semester hours of study or its equivalent in one or more of the following:

- Earth Science
- Biology
- Chemistry
- Physics
- Social Studies
- Mathematics
- English
- Spanish
- French

For Social Studies, the candidate shall complete the 18 semester hours through a combination of study in United States history, world history and geography. (Note: History is the only area from list above that SUNY Cobleskill students will likely have 18 credits in and therefore be eligible for extension.)

B. To attract qualified students to both institutions who wish to pursue a master's degree leading to NYS Teacher's Certification, Students with Disabilities Grade P-12.

IV. Review and Revision of this Memorandum of Understanding

This agreement will be reviewed periodically. Should either party desire to terminate this agreement, notification will be given to the other party, in writing, not less than six months prior to the proposed date of termination.
