

## Student Health Insurance

If you take 6 credits or more of classes in a semester, Student Financial Services (SFS) will automatically sign you up for Student Health Insurance at a cost of about \$700.

**Waiving Utica's employee health insurance does not waive the grad student insurance.** If you register for 6 or more graduate credits, it will be automatically added to your bill.

To waive the Student Health Insurance, go to:

<http://www.utica.edu/student/health/insurance.cfm>

Click the "Haylor" link on the page.

Click *Waive Health Insurance* under *Domestic Health Insurance*

Please remember to always read your emails thoroughly. Bills from SFS are posted online and you are alerted to them via email. If they send you a notice about your account, log in and look at your account.
